## Create extraordinary outdoor spaces...

Elegant, attractive and sculptural, they'll turn glaring sun into gentle light – and heat into pleasant warmth...

**Experience how Caravita® outdoor umbrellas and pavilions turn outdoor areas into extraordinary living spaces.**

The European-designed and manufactured shades are built to last – for many years – so you won't need to replace them every season.

In fact, the durable construction stands up to frequent use by hospitality and contract and the fabrics retain their shape and color for many years – we guarantee it.

Plus, with the exquisite and versatile design possibilities, you'll choose quality acrylic fabrics and a complete spectrum of frame colors, then combine shade form and accessories – to create a shade solution that's just right for you.

From creative designs to hundreds of bold colors, simple handles to internal cranks, makes opening and closing a breeze.

Even the largest of Caravita shades can be opened with surprising ease. User-friendly, sophisticated technology, high-grade materials and solid manufacturing mean you'll enjoy years of cool comfort, sun protection and sculptural beauty. How will you create your extraordinary living space....

**Enjoy the summer!**
